## ELITE 24 BASKETBALL HOPOLOGY SCHOOL

School is in session September 13th! Join the **ELITE 24 BASKETBALL HOPOLOGY SCHOOL**. The Hoopology School is for those students who want to increase their overall knowledge, skill level and prepare properly for the upcoming season. The school will expose students to a higher level of learning which will provide them with the proper tools to succeed at the next level by creating a challenging atmosphere which to be successful in. Our knowledgeable staff of college coaches will breakdown the game and use the same techniques and drills that have made their teams successful.

Remember this is a school; our goal is to teach the game of basketball. We want student-athletes who are serious about improving, working hard and becoming a team-player.

We want to keep the student to teacher ratio down to help achieve more individualized attention to provide students with the ability to grow and not just be another player lost in the numbers. The student to teacher ratio will be 8 to 1. Each student-athlete will be assigned to one of four teams. At the end of the academy each student-athlete will receive a report card on skills to work on.

This is a remarkable opportunity for young student-athletes to get a true basketball education from teachers who have coached and played at the highest levels! Remember this is a both a basketball school and league. We offer both a boys and girls school. Spots are **limited to 32 students** so reserve your spot today!!! Go online to [www.elite24basketball.com](http://www.elite24basketball.com) to find out more information.

*"We are truly excited for the opportunity to offer such a distinguished program for young student athletes. This will be a great learning experience for those who truly want to excel and take their game to the next level!" - Larry Davis*
